

PC Plus4000

ProCare Medical
healthcare solutions ²

Product Description

Designed for those patients who require the highest degree of pressure relief and a visco-elastic heel pillow. The multi-layer design incorporates four different types of foam to provide not only a therapeutic pressure relieving surface, but one that is supportive and comfortable.

Product Features

Premium deluxe, removable, washable ultra-soft stretch nylon cover reduces friction and shearing, and is fluid proof. This mattress meets the California Flame Retardant Standards TB# 117, 129 and 603 as well as latest Federal Standard 16 CFR 1633.

Base: Premium high density firm foam provides maximum support.

Middle: Medium firm high density foam offers additional support and positioning.

Top: Premium foam with an shaped surface reduces pressure and increases air flow thereby reducing skin temperature and enhancing comfort. The memory foam heel pillow further reduces pressure. Integrated support perimeters help keep patients centered in the mattress and provide for a more secure transfer.

Tapered Heal Section and Firm SecureEdge Border

This mattress meets the California Flame Retardant Standards TB# 117, 129 and 603 as well as latest Federal Standard 16 CFR 1633.

Product Description

Multi Sectional design incorporates three different types of foam including a memory foam heel section for maximized pressure Reduction and Redistribution

Product Features

Premium deluxe, removable Soflux Ox deluxe nylon cover reduces Friction and shearing and is fluid proof.

Base: Premium firm foam for Maximum Support.

Top: Premium soft foam shaped surface for enhanced comfort with pillow top foam heel section for advanced pressure relief.

Cover

Deluxe, removable, washable, stretch nylon cover is durable, waterproof, anti-microbial and features a waterfall zipper to prevent fluid from reaching the core. The cover includes a urethane laminate which further reduces friction, shear and contamination. The bottom part of the cover is reinforced vinyl with non-slip protection for safety. This mattress meets the California Flame Retardant Standards TB#117, 129 and 603 as well as the latest Federal Standard 16CFR 1633.

PC Basic3500

Product Description

Therapeutically designed foam mattress core uses computerized fabricating equipment to sculpture mattress surface for maximum pressure relief, support, ventilation and comfort.

Product Features

The sculptured foam surface is designed to provide pressure redistribution and comfort in three areas: the head and shoulders, torso and lower extremities. Reduced pressure prevents capillary occlusion, shear, skin abrasion and moisture; all of which cause skin breakdown. Deluxe, removable, washable, stretch nylon cover is durable, waterproof, anti-microbial and features a waterfall zipper to prevent fluid from reaching the core. The cover includes a urethane laminate which further reduces friction, shear and contamination. The bottom part of the cover is reinforced vinyl with non-slip protection for safety. This mattress meets the California Flame Retardant Standards TB# 117, 129 and 603 as well as latest Federal Standard 16 CFR 1633.

Comfort and Support

Mattress provides therapeutic support and pressure relief that is far superior to conventional innerspring mattresses.

Cover

Deluxe, removable, washable, stretch nylon cover is durable, waterproof, anti-microbial and features a waterfall zipper to prevent fluid from reaching the core. The cover includes a urethane laminate which further reduces friction, shear and contamination. The bottom part of the cover is reinforced vinyl with non-slip protection for safety. This mattress meets the California Flame Retardant Standards TB#117, 129 and 603 as well as the latest Federal Standard 16CFR 1633.
